League of Nations' Council Meets to Hear Britain's Protest, But Postpones Action Until Session of January 23.

MOSCOW, Dec. 20.—The Tass (Russian) News Agency correspondent at Tehran, Persia, today relayed an article from the newspaper Shefa E Sherkh which said that every Persian soldier was "ready to defend the interests of the country" in the controversy over cancellation by the Persian government of the Anglo-Persian oil company's concession.

GENEVA, Switzerland, Dec. 20.—The League of Nations council today met to hear Great Britain's appeal against Persia's cancellation of the Anglo-Persian oil concession, but postponed further hearing until the regular session on Jan. 23.

MOSCOW, Dec. 20.—The Tass (Russian) News Agency correspondent at Tehran, Persia, reported today that the newspaper Shefa E Sherkh, in an article criticizing the cancellation of the Anglo-Persian oil company, for failing to revive the government concession, called for a "defence of the rights of Persia" and urged the government to "defend its rights by force if necessary."

"The company tried by means of different flattery promises and deception, to convince the members of the Persian government to make the concession, but the Persian government had been deceived," he quoted the newspaper as saying.

Central Government for Three Prairie Provinces Fails to Arouse Interest

PROPOSALS OF UNTY BLASTED AT PEG MEET

Revival of Single Government
Talk Punctured by
Premier Bracken

WINNIPEG, Dec. 20.—A central government for the prairie provinces—a united parliament of Manitoba, Saskatchewan and Alberta—may be feasible, but proposals made some time ago for the formation of such a co-operative administration are not inspiring the attention of the West's administrators today.

"We are too busy discussing present and more pressing problems," declared Premier J. F. Bracken, of Saskatchewan. "That national central government, under pressure of present circumstances, will have to be taken care of in the future."

The Saskatchewan premier, relieved of adjustment problems, declined related subjects behind the situation of the prairie provinces today.

FOLLOWERS PAREY
The revival of the single government "talk" followed the three-day inter-provincial party here and a remark of Premier John Bracken, of Manitoba, here today.

"We are endeavoring in the absence of a single government for the prairie provinces to secure the same degree of the advantages that might be expected from a union of all."

The matter of a central government was not discussed at the conference. Mr. Bracken had previously explained the remarks only in passing, when making a statement of the situation reached at the party.

More than a year ago the Manitoba premier advocated the formation of a single government for the prairie provinces, believing it was the only way out of the financial and economic stagnation in the settling of municipal problems as well as economic.

ALUMINUM CO. MAY NOT GET VESTED RIGHT

Negotiations Opened With
Canada to Prevent Giving
Power

WASHINGTON, Dec. 20.—James Graham Rogers, assistant secretary of state, told the United States senate foreign relations committee today he had opened negotiations with Canada to prevent giving the Aluminum Company of America a "vested right" to power under the St. Lawrence treaty, which opponents of the treaty claim was disposed to agree to was a domestic question.

Rogers also denied the United States was giving away in the St. Lawrence treaty, which opponents of the treaty claim was disposed to agree to was a domestic question.

PROTECTION ASKED
Frank P. Walsh, chairman of the New York Power Authority, told the committee today that the St. Lawrence treaty might give the Aluminum Company of America too much power from the St. Lawrence river, and asked for protection against this.

Rogers at that time agreed to exchange correspondence with Canada on this question, in order to avoid the possibility of a formal reservation to the treaty.

Rogers also said he had opened the question of the treaty to the representatives of the Department of the Interior, who are in charge of the St. Lawrence river, and that there is every disposition on the part of Canada to agree to the treaty.

"There is every disposition on the part of Canada to agree to the treaty," Rogers said, "but it is a domestic question, and we must take care of it before we can agree to it."

Rogers said he was going to New York today to meet with the committee, and that he was going to discuss the treaty with the committee.

The assistant secretary was called before the committee primarily for questioning on the controversy of Cleveland A. Newton, of St. Louis, who is in charge of the St. Lawrence river, and who is in charge of the St. Lawrence river.

1,500 MINERS ON STRIKE IN NOVA SCOTIA

Five Collieries Tied up After
Miner Accused of
Stealing Axe

HALIFAX, Dec. 20.—Five Nova Scotia collieries were tied up today by strikes participated in by 1,500 miners, according to dispatches reaching the department of mines here.

No statement was issued by the department pending investigation of the grievance.

At Sydney, 1,200 men had walked out following refusal of the Cumberland colliery to accept a new company to displace a miner suspended by the union.

The suspended miner, George Smith, had been accused of stealing an axe. The union had demanded the miner be returned to work.

A conference between union representatives and company officials was held today, but the company was refusing to sell coal in town except to the hospital and schools.

The strike affected collieries 5, 6 and 7.

At Reserve, Cape Breton, pickets were on duty to prevent increased work. Three hundred miners who were turned back to their homes. Later two more meetings had to be called.

At Sydney, the miners declared the strike was declared to force authorities to revise the relief fund. For instance, a number of the miners had been on strike for some time, but the relief fund was not sufficient to sustain them for the winter.

Vexed Question Wheat Preference Unsettled

Grain Shippers
Succ. By Routing
Via St. John, N.B.
ST. JOHN, Dec. 20.—On the grain which has gone through St. John so far this month for Great Britain, shippers have given some \$200,000, according to H. C. Bedford, president of the Saint John Harbor Commission. This amount represents the preference of six cent a bushel or upwards of one million bushels.

The heaviest wood known to iron wood. It weighs 42 pounds per square foot and sinks in water.

BURNABY WILL DEFAULT BONDS

VANCOUVER, Dec. 20.—Alfred default in the payment, due October 31, of interest on a debenture issue by the district of Burnaby, Tripp, St. Bismarck, de Wolf, broker and member of the executive of British Columbia bond dealers association, has applied to superior court for an order authorizing the Lieutenant-Governor-in-Council to appoint a commission for the municipality.

TRUSTING SOUL
KNOXVILLE, Tenn., Dec. 20.—One would hardly think that there was such a thing as a depression, the way some people handle money. The other day Miss Lola Morrow, 19, of Knoxville, was sitting at a bus station for a ticket home. A young man approached her and asked if he might help her with her ticket and luggage. "I gave him \$10 to get the ticket," she told police officers Hatcher and Humphrey, "and he never came back."

STRAND
On Monday evening, Capt. M. W. Plunkett, and his celebrated troupe of Dumbells opened the last week of their current engagement at the Strand theatre in the comedy revue "Jingle Bells." This production will be continued for the first three days of the week and for the last three days the show will be changed to "Good Bye" which will be a reprise of all the favorite numbers given in the previous six weeks of the company's engagement here.

For more than six weeks the popular Dumbells have drawn patrons to the Strand. They have added to the popularity enjoyed and built up over the 14 years since the Amstutz.

In the current week's production all members of the company show up to excellent advantage. All popular favorites are assigned roles, dances or sketches that admirably suit their particular talents. Audre Carline, Al Plunkett, Harry Binn, Scott Morrison, Scott Plunkett, Curley Nunn, Pat Rafferty and others are featured in first class numbers that are calculated to display their very best.

NO DECISION IS YET MADE FOR TEST SHIPMENT

Bonded Cargo Judgment Not Given Until Bennett's Return

LONDON, Dec. 20.—The vexed question of whether Canadian wheat shipped in bond through the United States to the British market, is eligible for the preference of six cents a bushel decided on at the Imperial conference, will probably remain unsettled until near the end of the month.

It was intimated today no decision on the new-tissue test shipment sent on the Lacombe could be expected before Prime Minister R. B. Bennett returns to Canada from his visit here. He is expected at Ottawa around December 28. Mr. Bennett in the course of his activities today engaged in discussions with government leaders on the wheat preference matter. But while the British customs authorities remain silent on the matter, it is to be made on the Lacombe shipment—a ruling that will be of far-reaching importance in its effect on the future channels of Canadian wheat shipment—it was learned the general impression in interested quarters here was the wheat would get the preference.

The Lacombe wheat was shipped from Port Wenden, by the Reliance Grain company, through Buffalo, N.Y., to Liverpool, according to documents stating it had been shipped before Prime Minister Bennett was in Canada.

Calgary Hit By Hold-up Epidemic
CALGARY, Dec. 20.—Goods and cash to the total of \$48,000 were stolen in an epidemic of hold-ups and break-ins in Calgary during the week ended Dec. 18.

Over the week-end two bandits, still at large, struck twice. They held up and robbed a confectionery store proprietor at 825, and after a struggle with the store owner. Later an attempt was made to rob a clothes merchant establishment, but the cries of a girl employee frightened the robbers, who fled without loot.

Two youths have been arrested in connection with break-ins Friday, but so far police have been unable to locate the hold-up artists.

ANY EGGS TODAY LADY?
JACKSONVILLE, Fla., Dec. 20.—Harry Walker, origin, went up to the back door of Mrs. W. L. O'Brien's house and asked her if she wanted any eggs. When Mrs. O'Brien opened her purse to pay for the eggs, Walker snatched it and ran. Mrs. O'Brien in hot pursuit, followed him to the back door of the house. J. R. Goughan, took up the race and chased Walker for several blocks before he caught him. The purse was empty.

RANGED UP BAND
EL PASO, Tex., Dec. 20.—Alfred Urlik found himself arrested six men who weren't even policemen. Urlik was leading musical instruments for an orchestra, when he drove into a cottonwood tree in Juarez and sprang his truck and the instruments. Members of the orchestra, bawled Urlik to the police station and asked the police to hold him until he agreed to pay for the instruments.

GIRL ATHLETE

Texas Babe is Picked by Sport Experts for Year

Sport Experts for Team Honors

NEW YORK, Dec. 20.—Sports experts experienced no difficulty whatever in singling out the feminine performer most entitled to recognition as the United States outstanding girl athlete of 1933.

She is Mildred Babe Didrikson, Texas "Wonder Girl," double Olympic champion and one of the greatest all-round athletes her sex has ever known, regardless of any issue now over her amateur standing.

HELEN SECOND

Out of a total of 199 votes cast in the second annual Associated Press poll, Miss Didrikson received 77. Her nearest rival, Helene Madison, Seattle's record-breaker among women free-style gymnasts, polled 45 votes to finish second. Another far westerner, Helen Wills Moody, queen of the tennis courts for years, occupied third place with 21 votes.

In a close contest for fourth place

the new United States golf champion, Virginia Van Wie of Chicago, emerged with a three-vote margin over Eleanor Holm, slim and pretty champion of the backstroke swim-

HIGH RANKING
Miss Didriksen's performances were ranked by many sports observers as superior, relatively speaking, to the accomplishments of any masculine stars of the year. Her vote, too, was larger in the

Associated Press poll than that accorded Gene Sarazen, picked as the outstanding performer among the men.

The Texas girl, all by herself, won or tied for first place in half a dozen events in the United States women's track and field championship.

to which she added a silver medal in the 400m column. She also won a silver medal in the 400m at Smith's. She was also a member of the 4x100m relay of his in the 1992 Olympic Games. She has played football, is a star at basketball and wallops a golf ball well over 200 yards.

Tomorrow at the Arena, Barney Stanley's Poolers face the burly, fast skating Young Liberals.

The blue shirts have met the

Politicians only once this winter and after a bitter struggle, the Jensen mob got the nod by a 2-1 count. It was a battle every inch of the way with neither side giving quarter in the matter of body checking, fast skating and excellent passing plays.

The Poolers were the big shots in local junior ranks last winter and they do not relish the idea of playing second fiddle to the chesty Grits who are now rutting a wide swath in the present race.

Liberals have no intention of easing up, however, and there should be a lively clash for the fans' pleasure when the gong rings at 8:30 sharp.

WHEAT CHALKS UP LOSSES AS DEMAND SLACK

WINNIEP, Dec. 20.—Though there was no particular pressure from sellers, lack of demand and almost negligible export sales chalked up losses of 1/2 to 1/4 cent on the grain exchange here today.

December closed at 30 1/2, May at 47 1/2 and July at 47 1/4.

No figure was placed on open business and although New York reported a fairly good business in wheat, it could not be confirmed locally. All outside markets were lower.

Bushel reported increased competition from the Argentine and this led to liquidation at Liverpool. Canadian wheat still continues the cheapest in the market and Argentine grain cannot compete with the preference accorded Canadian shipments.

Cash and export grain again were quiet.
